Professional Summary

Final-year BSc Information Technology student (North-West University) with a strong foundation in systems analysis, software quality, and data-driven problem solving. Completed a Systems Analysis and Design module project as team leader, translating business requirements into a technical solution for a blood donation coordination system. Full Stack Development certified (FNB App Academy), with practical exposure to C#, SQL, and database design. Seeking a Graduate Programme in Quality Assurance, Business/Systems Analysis, or Data Analysis, where I can apply strong analytical thinking, attention to detail, and communication skills to deliver real business value.

Education

Bachelor of Science in Information Technology

North-West University (NWU)

2023 – 2026

Certificate in Full Stack Development

FNB App Academy

Completed: July 2025

National Senior Certificate (Matric)

Hoërskool Birchleigh

Completed: 2021

Technical Skills

Languages: C#, Java, SQL, C++, Python, HTML/CSS.

Concepts: Systems Analysis & Design, Database Design, Data Analytics, Web Development, OOP, Problem-Solving for Managers.

Tools: MS Excel, PowerPoint, Word, Visual Studio, Notepad++, Oracle

Project Experience

Blood Over Borders - Project Leader (Feb-Sept 2025)

Led a student team in designing and developing a blood donation coordination system for a humanitarian crisis scenario. Gathered system requirements, translated business needs into technical solutions, coordinated project deliverables, and collaborated in an agile-like development environment.

Work Experience

Student Assistant (Demonstrator) – UI Programming (C#) – NWU (Jul–Nov 2025)

Reviewed and evaluated student programming assignments, provided constructive feedback, and assisted students in understanding complex programming and user interface concepts. Assisted students in debugging C# applications and understanding UI programming principles.

Student Assistant – Statistics – NWU (Jul–Nov 2025)

Assisted with academic assessment processes, ensuring accuracy, confidentiality, and attention to detail in the handling of student records and marking activities.

Certifications

- FNB App Academy – Full Stack Development
-

Key Competencies

- Analytical and critical thinking
 - Leadership and teamwork
 - Clear communication of complex ideas
 - Adaptability
 - Attention to detail
-

Interests

- Software Testing
 - Data Analytics
 - Business and Systems Analysis
 - Technology and Innovation
